

St John Fisher Catholic High School

Newsletter 11 15 February 2019

Dear Parents/Carers

Another two weeks have past and we are getting close to the start of the exam season. I am happy to report that our Year 11 are catching the revision bug and are now turning up in their droves to all of the sessions that staff are putting on to review the last three years of study and to prepare them for their final exams. Year 10 will soon be taking a series of exams to determine their progress and to look at how we can support those that are struggling at this point. Year 11 are also having additional exam preparation in the core subjects. Practice in exam conditions makes the final exams less daunting and I would urge you to encourage your children to prepare fully for these mocks so that we get a strong impression of where they are and where they need additional support in these final weeks. If your child is in Year 10 or 11 and you have any questions about how to prepare them for their exams, please get in touch with their Head of Year who will point you to the appropriate member of staff.

Our girls' football teams continue to have great success and we wish them well on their travels, playing against the best schools in the country. Further information about our sporting successes is in the body of the newsletter.

We are immensely proud to be hosting the National Youth Theatre auditions for all students aged 14 and above in the school and sixth form. Again we are showcasing the many and varied opportunities that our students have available to them through our amazing staff.

We continue to have activities in support of student and staff mental health and wellbeing. Last week was "Time to Talk" week and in the main hall during break and lunchtime we held a Time to Talk Cafe. A number of organisations came in to speak with students, including The Samaritans and the Healthy Child Team from North Yorkshire as well as our own pastoral team. Encouraging students to speak about issues they are facing allows us as a school to support them in the most appropriate way.

As we approach the end of the first half of this spring term, we are all grateful for our many blessings and are immensely proud to have raised over £2,400 pounds for the Leeds Heart Surgery Fund. Giving back to our community is one of the ways that this school is unique.

'For unto whomsoever much is given, of him shall be much required: and to whom men have committed much, of him they will ask the more.'

Luke 12:48

Kind regards

A handwritten signature in black ink, appearing to read 'P Brockwell'.

Mr P Brockwell
Headteacher

INFORMATION

School Communication

Please see below for forthcoming events; all other events and information are detailed on the school website or Facebook:

<http://sjfchs.org.uk/>

<https://www.facebook.com/SJFCHS/>

If you have any queries for teaching staff, please email:

office@sjfchs.org.uk

Y10 Mock GCSE Timetable

These are now available on the website:

<https://sjfchs.org.uk/wp-content/uploads/2019/02/Y10-Mock-GCSE-Exam-Timetable-2019-for-Students.pdf>

Please see the link below for the GCSE summer 2019 exam timetable. Personalised timetables will be issued to students after the February half-term. Any queries, please contact Mrs Haley, Exams Officer.

<https://sjfchs.org.uk/wp-content/uploads/2018/11/GCSE-Exam-Timetable-Summer-2019.pdf>

Wellbeing Award at School (WAS)

We have received some positive comments about the new Wellbeing logo. This will soon be seen around school.

Time to Talk Week 4th - 8th February

The Time to Talk café which was held every break time last week was a success with members of the Samaritans, Healthy Child Team and school pastoral staff present. Students engaged with the adults and took part in the activities that were being held. Bookmarks and leaflets were handed out to students. The Time to Talk login screen was on computers across the school and students have reported that they thought this was a really effective way of communicating the message which was to 'Ask twice if someone's ok'

Wellbeing Champions

The first meeting has been held this week to outline the role of a Wellbeing Champion and gain an insight into how each student would like to get involved so sub groups can be set up. Students offered lots of ways to promote and improve wellbeing in the Fisher's Family which is really refreshing.

St Aidan's & SJF Associated Sixth Form Information Evening – Thursday 21 February

Prospective Year 12 students and parents are invited to attend this evening. For newcomers to SJF, there will be a presentation at 17:30 in the Main Hall at SJF followed by a short walk to Constance Green Hall at St Aidan's where there will be a chance to talk more about your options with subject heads. There will then be a presentation at 19:30.

Parents' Information Evening – Tuesday 5 March

After the very successful E-Safety Information Evening in December, our next topic is on Diversity, Equality and Discrimination, 6:30pm in the SJF Main Hall, all are welcome.

!! A Spectacular Wear Red Day!! – Friday 1 February

A huge thank you to all who donated, we raised **£2,450** which was a fantastic achievement.

National Youth Theatre Auditions at SJF

We are thrilled to announce that the Drama department have arranged to hold auditions for NYT, for all students aged 14 and above in the school and sixth form. Every year, the National Youth Theatre audition thousands of students nationwide to offer 500 places on their prestigious summer courses. The courses take place over Summer in a London University setting, and give young people an unparalleled experience of working in a theatre company on a performance, and developing their acting skills.

The cost to audition through school is £39, a reduction from the standard audition cost of £49. Letters have been given to all Drama students who have expressed an interest, but anyone is welcome to apply. Parents should see the NYT website for full information, and letters are available from Miss Booth with audition information. If your child wishes to secure a place, please return the application form by **18th February**.

Y10 Drama Students

St John Fisher Year 10 Drama students have won a competition to take part in the Noughts and Crosses Short Film Project, with Pilot Theatre Company and York Theatre Royal! Students made a 20 second film trailer on the theme of the play Noughts and Crosses, which is set in a dystopian world of racial inequality and segregation. Their creative and dynamic trailer successfully won them a place to take part in the project, which will allow them to work with professional directors and film crews to make a short film this Spring, which will be shown at a special premiere at York Theatre Royal! Congratulations to all involved!

<https://sjfchs.org.uk/year-10-drama-students-trailer-competition/>

Design Technology

SJF entered a KS3, KS4 and KS5 team for the above competition at St Aidan's. Students had to complete a design folder and produce a prototype solution to time a flashing beacon this year. The task was modified with a greater degree of difficulty for older students.

Each group represented the school admirably, with excellent behaviour, a mature and responsible approach to activities and super collaborative learning with other schools.

An outstanding level of achievement in the KS5 category was rewarded with a 3rd place finish in all set tasks against many other local schools.

Magical Harry Potter Week

A total of 33 students and 3 members of staff participated in this year's Harry Potter Week. Activities at lunchtime in the Library included the Sorting Hat ceremony, a play reading, competitions, bumper quiz, crafting your own character and HP Cluedo. Students were presented with certificates to mark their attendance and prizes awarded for the various competitions. 'Take a Pet to Hogwarts' was won by Yusuf from Year 7 with his Baby Dragon, a 'Sock for Dobby' was won by Niamh also of Year 7 and the best craft was won by Lin-ay in

Year 11 with her Hedwig owl finger puppet. The final count of house points saw Slytherin creep to the top as in previous years, Slytherin also won the Quiz cup, they are not called cunning for nothing! A big thank you to all who helped make this Week another resounding success and special thanks to the kind parent who loaned us their ephemera to add to our decorations.

Virtual Author Visit

Table Talk book group were lucky to have a Skype conversation with author Sarah Ann Jukes whose first novel 'Outside' was published in January. The Library had won a set of proof copies and a library copy of the book in a draw and the members of Table Talk read it during January. The story is inspired by the book 'Room' and imagines it from the view of a 15-year-old girl who knows nothing beyond the one room she is confined to, the three books she has and the man who visits occasionally. She dreams of Outside and given the chance of escape she takes it and finds herself in a world she could never imagine. Intrigued? Ask your child to borrow the book from the school library. Our students had plenty of questions to ask Sarah and were told about the next novel she is writing. The story of 'Outside' is inspiring the Library's Creative writing competition for Literacy Week in March. Thank you to the IT technicians for facilitating the Skype call.

Bumper Book Sale Coming Soon! We have planned a sale of 'new to you' books for Literacy Week which runs from 4 to 8 March. Books will be 30p each or 4 for £1. Do encourage your child to visit the sale. Proceeds will go to a literacy charity.

Sports Results

Girls Football

U14 & U18 GIRLS' NATIONAL CUP SEMI-FINAL HERE WE COME!

The St John Fisher U14 Girls' Football team joined the U18 Girls in the semi-final of the English Schools' National Cup, one of the last 4 teams in the country.

Despite being 2-0 down against Sprowston Academy (Norfolk) and facing two extremely talented England players in the opposition team combined with treacherous weather conditions, the St John Fisher team rallied together to show their desire, resilience and togetherness to claw back an emphatic 3-2 win. A reward for the brilliant attitude and application shown by everyone - which certainly made the 14+ hours of travelling worth it!

We would like to thank Dr Langstaff for giving up her time to travel to Norfolk to support the girls on their quest for success. Although she is not known for being a lucky charm when it comes to sporting fixtures, the girls allowed her to watch the start of the game and gave her the benefit of the doubt. That soon changed after we were 2-0 down after ten minutes, so Dr Langstaff was sent packing to the bus and miraculously we recovered the 2-0 deficit and won 3-2! Well done Miss for being a brilliant sport!

Well done girls, it's an amazing achievement to have two teams in the last 4 of a National competition. We are extremely proud of you all.

The semi final will take place during the first week in March.

U18

This team beat Henry Fanshawe 3-0 in the quarter final on Tuesday 5 February and will now face favourites Thomas Telford.

This team deserves to get to the final - it's these girls. It will be a tough ask but if anyone can achieve it - they can. This group of players have represented St John Fisher in the girls football team together since Year 7. They are a proper Fishers Family and you can see that both on and off the pitch.

Thanks for all your support.

Year 7

Congratulations to the Year 7 Girls' Football team who were crowned Harrogate and District Champions, North Yorkshire Champions and fourth best in the region. Well done to everyone involved.

Ruby Watts Football Success

We would like to congratulate our very own superstar - Ruby Watts, who captains the Year 8 Girls' Football team and has received another call up to the FA Girls' Regional Development Training Camp on 18-20th February.

In the past year Ruby has already been climbing up the ladder of the FA Girls' England Talent Pathway, featuring at the National Performance Camps, which identifies the best English talent for under 14's.

At only 13 years old, Ruby has an extremely bright future ahead of her. Her next possible step after the National Performance Centre's is the England Girls' U15 Team, which we have absolutely no doubt that Ruby will make the step up when she is old enough to do so.

Ruby also made history with the St John Fisher Year 7 Girls' Football team when she scored the winning goal in the English Schools' National Finals to crown St John Fisher National Champions, entering the honours list as the only school in North Yorkshire ever to have been crowned National Football Champions in the male or female competition. Ruby and her team are also into the semi-final of the National Cup for the second year running, where they will play Thomas Telford for a place in a National Cup Final. A remarkable achievement for all involved.

Ruby is a remarkable young person. An incredible role model, leader, captain and team mate. She is an incredibly talented footballer who possesses a fantastic technical ability as well as having that Fishers grit, passion and determination. Ruby has all the qualities of a superstar and we know she is destined for a bright future. We would like to wish her all the best at her training camp next week.

We are very proud of you Ruby. Good luck and enjoy!

Y10 Girls Netball

The year 10 girls triumphantly beat King James on Tuesday 6 Feb. The girls really dug deep and showed true teamwork and determination to win 19-17. It was a fantastic game to watch with outstanding performances from all the girls.

Table Tennis

Results 3 to 7 February

Sunday 3 February - Theo joined Andy and George in the last 8 of the Div 2 Singles winning 4-3 in a close match.

Tuesday 5 February - Theo and George went down 2-3 in the Div 2 best pairs last 8—Theo winning both singles and George going very close in the final game of the match.

Thursday 7 February - A major upset as Fishers D in their 1st season, defeated Fishers A 26-3 in their Charity Cup quarter final match. With a 16 point handicap in every game it was always going to be difficult for the A Team of Andy Cousins, George Asbury and Theo Kelly, but Maciej, Charlie Lockett and Holly Shepherd played really well all night and thoroughly deserved the win.

Andy v Maciej 21-7 (21-23), 21-8 (21-24)

George v Charlie 21-7 (21-23), 21-12 (21-28)

Theo v Holly 21-7 (21-23), 21-5 (21-21)

Andy v Charlie 21-12 (21-28), 21-13 (21-29)

Theo v Maciej 21-12 (21-28), 21-11 (21-27)

George v Holly 21-5 (21-21), 21-13 (21-29)

Theo v Charlie 21-8 (21-24), 21-4 (21-20)

Andy v Holly 21-11 (21-27), 21-14 (21-30)

George v Maciej 21-9 (21-25), 21-8 (21-24)

They are now in the semi-final of this prestigious tournament and hopefully they can be joined by the Fishers B team of Ben Collins, Aman Joshua and Tom Barlow who are away to Wetherby B in 2 weeks time.

Northern Finals at Grantham - Sunday 10 February

U13 Girls

v Market Bosworth 3-5

Holly Shepherd winning both matches (and in straight games)

Ursula Holland won 1 match and Eleanor Cooper and Martha Shackleton were defeated in both their matches v Wade Deacon 3-5

Holly losing her only match of the day -1 win and Ursula and Eleanor 1 win each

So these 2 schools played off for 1st place and reaching the All England Finals for the winner. Fishers played Bradford Grammar School in the final match which they won 5-3. Again Holly won both of her matches in straight sets and Ursula, Eleanor and Martha 1 each.

Martha was voted “The most improved player of the day”, her 1st win ever in this competition and Holly was outstanding, only just losing to a very good player.

U16 Boys

Met two outstanding teams in Charles Read Academy and Carlton-le-Willows and suffered two 0-8 matches, before meeting Standish School in their final match, winning 5-3. Sammy Kelly won both of his matches, Theo Kelly, Aman Joshua and Tom Barlow won 1 each.

Theo and Tom can play for 2 more years at this age group, so this is promising for the future. It was a great learning experience for the players.

U19 Boys

Gabriel Mead was ill overnight and unable to travel so the team could only play with 3 players and had to concede 2 matches in both matches.

The standard was awesome with a top 5 England player and a French International playing. A team also dropped out which left Grantham College (England training camp) and Carlton-le-Willows (a specialist TT College).

v Grantham 0-8

George Asbury, Ben Collins and Matthew Lynch (out of retirement) getting close in a few games, but not winning any.

v Carlton-le-Willows 0-8

George losing a match in 5 games and Matthew winning a game in both of his matches. We were against specialist TT Schools and Colleges and it was a really good effort by all the teams.

The All England Finals is contested by only 4 teams, so Fishers were in the top 16 schools in the county in 3 age groups.

North Yorkshire TT Schools Individual Championships – Wednesday 13 February

U19 Boys

George Asbury defeated Ben Collins in the final.

U19 Girls

No entries

U16 Boys - 6 entries

Both Sammy and Theo Kelly won through to the semi-final stage and met each other.

Sammy won, so Theo was 3rd overall.

In the Final Sammy met the highly rated Sam Lowe from Scarborough (last year’s U13 champion, and the same age as Theo). In a splendid match Sammy was the victor in 4 games.

U16 Girls

Vicky Hudson was the only entry, so is County Champion

So 3 County Champions who can all go to Wolverhampton for the All England Finals Day—over 1,000 players over the 6 age groups. It will be very hard but I hope some will go.

U13 Boys

With Ben Fazackerley unable to play, Michael Walker was our only entry, he did very well to finish 3rd out of 6.

U13 Girls

Holly Shepherd reached the Final, but was beaten by a talented player from Keighley by 3-1.

Ursula Holland was 3rd, and only just lost to Holly 2-3.

Thanks for help from the SJF PE staff and the school for the use of the Gym

PE Extra Curricular Timetable

Please see below the new PE Extra Curricular Timetable from September 2018 to April 2019.

News from the Science Desk – Mid February 2019

The Martian Rover ‘Opportunity’ has finally run out of juice, after 15 years of roaming the Martian surface, over a distance of around 45km. “I learned this morning that we had not heard back, and our beloved Opportunity remains silent. It is therefore that I am standing here with a sense of deep appreciation and gratitude that I declare the Opportunity mission as complete, and with it the Mars Exploration Rover mission as complete.” Thomas Zurbuchen, the associate administrator of NASA's Science Mission Directorate.

Year 7

Hopefully you were able to meet your son/daughter’s Science teachers at either of the two parents’ evenings last month. I can now confirm that we have replenished our stocks of the revision guides and workbooks. If you have ordered these on ParentPay and these have not been collected, pupils can collect these from the Science prep room, upon presentation of the receipt. Science Club has its first meeting of the year for the left hand side of the year, on Monday 18th February, all those interested please come to F18 at the beginning of lunch. The right hand side will have its first meeting on Monday 4th March. We have an excellent core of ‘Astro’ students beginning their research in Space Academy on Wednesday lunchtime, all are invited if they have an interest in all things extraterrestrial.

Year 8

We have an excellent core of ‘Astro’ students beginning their research in Space Academy on Wednesday lunchtime, all are invited if they have an interest in all things extraterrestrial. The aim is to develop a team of interested Space Scientists across Y8, Y9, Y10 and Y12, by application, involving external experts and Universities.

Additional Support and Homework for 7 and 8

We endeavour to set one piece of homework per week in Science at key stage 3, this may depend on the subject content and split of Science lessons between teachers and may take a variety of forms. If parents or pupils would like additional or supplementary homework we would suggest using the following texts.

Collins KS3 Revision Science ISBN 978-0-00-756282-4

CGP Key Stage Three Science The Workbook ISBN 978-1-84146-239-4

The two books above can be obtained for a combined price of £7.50 from the Science prep room, and will allow pupils to consolidate their understanding in addition to the support material and worksheets for the whole key stage in the KS3 area of the VLE. Available on ParentPay.

There are other resources that can be used such as BBC Bitesize, Cyberphysics, but please do ensure that it is pitched at the appropriate level, or check with the Science teacher.

Year 9

The Space Academy had its first meeting w/c 4th February to investigate aspects of space exploration and observation. The aim is to develop a team of interested Space Scientists across Y8, Y9, Y10 and Y12, by application, involving external experts and Universities.

At the end of the summer term all Y9 will have an end of year test, together with all of the end of unit tests, this will allow us to merge the two halves of the year in to starting sets in Y10. We deliberately expose all pupils to all appropriate material in order that pupils can initially be set in Y10 regardless of their setting in Y9.

Year 10

All Y10 sat a mock paper at the end of the first week, where there is clear evidence, we will use this to inform a small number of set amendments and email parents accordingly.

The Space Academy had its first meeting w/c 4th February to investigate aspects of space exploration and observation. The aim is to develop a team of interested Space Scientists across Y8, Y9, Y10 and Y12, by application, involving external experts and Universities.

Year 11

I hope that you were able to meet with the Science Teachers at the recent parent's evening. It was clear from many of the conversations that we had, that year 11 are beginning to realise the proximity of the examination period.

In some cases, the volume of content across all subjects is making it difficult for pupils to know where and how to start the revision process. We would recommend building a revision timetable, there are some websites that make this easier. Look to do around 2 hours an evening, though we are mindful that some pupils are giving up lunches and also attending after school sessions. Weekends should be considered as flexi-time, and social time needs to occupy the back seat until the end of the examination period.

Sessions are available on lunchtime Friday, there are a large number of staff who are willing to give up their time to support pupils and we have divided lunch up to an A and B, so that pupils can do visit more than one subject. Each subject Biology, Chemistry and Physics is available at the appropriate level.

All pupils are welcome, though we are happy to prioritise those who have most need. We are offering after school sessions, led by members of our sixth form, those who attended these last year, showed a marked improvement in performance, and enjoyed the tutorial style of these sessions.

We will complete the content for all classes within the next half term, and then expose pupils to the specimen papers and 2018 papers so that they can begin to put it all together and continue to work on examination technique, and picking apart questions.

All pupils have been issued with at least one examination paper to complete over the half term, a time which should be used for pupils to plan the run in towards the examination season.

Pupils will continue to have access to Kerboodle which will provide on-line text books supporting the new specification together with a suite of further resources which are very useful if accessed.

We carry a rolling stock of books that are suitable for Revision Guide and Workbook together for Combined Science (£10), and Revision Guide and Workbook for each of Biology, Chemistry and Physics (£4 each). If you are unsure as to which is the most suitable then the class teacher will be able to advice accordingly.
